## Briefs, Closing Arguments to End Rail Tax Hearing

The long-embattled railroad tax objection case drew near an end today as attorneys for the railroad and the county prepared to file briefs with Circuit Judge James O. Monroe Jr. in Edwardsville and to arrange a date for closing oral arguments. Briefs were scheduled to be filed today and Judge Monroe, who has been presiding over the tax protest hearings since the first of the year, was expected to set a time for final arguments upon receiving the briefs. Attorneys agreed the time for closing arguments will be set almost immediately to wind up the case no later than next week.

Testimony of witnesses and entering of documentary evidence concluded Monday, ending years of litigation that involves railroad tax objections dating back to 1957 and extending through 1962.

Assistant State's Attorney Burton C. Bernard, who has been handling the tax case for Madison county, presented as his final witness Edward Koncinski, railroad assessor for the Illinois State Department of Revenue since 1961.

Koncinski testified that rail assessments were made on the basis of values for the industry as a whole, rather than on an individual basis. He explained the method of fixing values of rail property and of determining ratios on which final assessment figures are based.

Bernard brought out that Koncinski, before joining the revenue department, was for 35 years a tax representative of the Chicago & Eastern Illinois railroad, as railroad assessor for Illinois. Koncinski said he fixed assessments on 60 different railroads, the largest group of any state in the country.

**Allege Percentage Differs**  
Final testimony for the county followed presentation of a series of tax experts called by railroad attorneys late last week in an effort to support their contention that industrial valuations in the county are fixed at a low level.

The tax objections by the rail lines are based on the contention that railroad assessments were fixed at 100% of fair cash value while local property is assessed at a ratio of from 50% to 60%.

The county, on the other hand, has produced state assessing officials and former assessment officials in an attempt to prove the railroads at the present time are assessed at less than they were during the depression years of the early 1930s and that the state has departed frequently from a fixed formula of railroad valuation.

## Funeral Today For C. C. Condie, Purchasing Agent

The death of Charles C. Condie, 58, Kirkwood, Mo., purchasing agent for Granite City Steel Co., was ruled a probable suicide this week by Raymond L. Harris, St. Louis county coroner. Mr. Condie was found by his wife Louise, and daughter, Sally, at his home at 10:30 p.m., July 19 Sunday. He suffered three gun shot wounds and was dead on arrival at St. John's Mercy Hospital, St. Louis. He had been dependent over ill health. Funeral services were held at 10 a.m. today at a Kirkwood funeral home, with burial at Bellefontaine Cemetery.

## Right-Of-Way Accident

Lawrence A. Rapp, 37, Rural Route One, was charged with a right-of-way violation when he drove out of the high school driveway across Nameoki road and into a path of a car driven by Raymond R. Smith, 2908 Myrtle avenue, at 11:05 a.m. Tuesday at Hill avenue. The right rear of Rapp's car was damaged.

## Man Pleads Not Guilty

Marion Zahney, 47, of 1323 Edwardsville road was arrested at 10:30 p.m. Tuesday at May's tavern, 14th street and Edwardsville road, on charges of creating a disturbance and profanity. He pleaded innocent Tuesday and was released on \$50 cash bond by Magistrate Gasparovic pending a hearing July 30. The complaints were signed by May Bangert.

## Gasoline Washed Away

Granite City police received a report at 2:30 p.m. Tuesday that a gasoline truck was leaking gasoline at 27th street and Washington avenue. An investigating patrolman radioed back that the truck driver washed it down the sewer.

## Zoning, Legal Fees Occupy Council Members

A resolution involving a change from light to heavy industrial zoning on a 7.75-acre field entangled the Granite City council in debate Monday night during one of its busiest sessions in recent months.

Issues were the routing of zoning change requests and the cost of legal work relating to zoning changes.

The dispute involved land recently obtained by the Young & Greenwald Co. of East Chicago, Ind., which plans to begin steel pipe fabricating operations in Granite City. It has switched to another site but also bought the 7.75-acre plot for possible future use.

The land is located on the western edge of the city, adjoining Illinois Terminal Railroad tracks just off Highway Three (674) and south of the Granite City dog pound. It has M-1 zoning, and M-2 is requested.

Fourth Ward Alderman Donald Partney, chairman of the council's planning committee and a member of the City Plan Commission, presented a resolution for rezoning and moved for its adoption. City Attorney George Piloff Jr. remarked that the council should not affirm accuracy of the legal description and did not know if the rezoning proposal had been given a hearing and public notice.

**Anxious To Start**  
Partney replied that he had talked with an official of the Young & Greenwald Co., "which is anxious to get started here." He said he believed the resolution should be passed immediately to assure establishment of the new industry.

First Ward Alderman Charles Moerlein said that if the city attorney did not know whether the resolution was valid, he wanted to know why.

Mrs. Gabrielle Belline, Seventh Ward alderwoman, said "I think the zoning committee should know the proper procedure to be followed in these cases and I'm surprised it isn't following that procedure. I'm in favor of holding it (the resolution) up."

Alderman William McGee of the Sixth Ward commented that a letter previously read had requested only a declaration of intent from the council and that it was not necessary to pass the rezoning bill immediately.

## Record Quarterly Income At Amsted

AMSTED Industries on Tuesday reported record net income in both the quarter and year ended June 30. The corporation includes American Steel Foundries.

Quarterly net income was \$3,109,759, or \$1.13 per share, the highest for any quarter in the company's history; it compares with \$2,917,180 or \$1.05 a share in the same quarter last year. Sales increased to \$49,132,033 from \$42,122,455.

Net income in the nine months ended June 30, was a record \$7,164,245 or \$2.60 a share, up 45% from the \$4,945,831 or \$1.78 a share earned a year ago. Nine months' sales totaled \$128,919,969, compared with \$103,426,578 a year earlier.

Joseph B. Lanterman, AMSTED president, noted that "sales of all company product lines in the nine months were above the levels of last year." Largest increase occurred in sales of core component parts for new freight cars.

Income for the 1963-64 fiscal year is expected to be at a record level. Quarterly dividend on June 15 was boosted to 45 cents a share, five cents over the rate used since March 1960.

"There will be a 45-cent dividend payable Sept. 15 to Aug. 20 stockholders."

## Twilight Optimists

### Plan Annual Tree Sale

The Twilight Optimists held a short business session Monday evening during their regular bi-weekly meeting at the Rose Bowl, with Wilson Andrews presiding.

The group agreed to confer with the Granite City Optimists on plans for the combined Optimists' Christmas tree sale, funds from which support community service programs for the year. Charles Linds presented a treasurer's report.

The club agreed to leave to the board of directors a decision on whether to co-sponsor a model airplane tournament in conjunction with the Granite City Sky-Streeters club. Fifteen members attended the meeting.

## 3 Men, Girl Arrested On Disturbance Charges

Three persons were arrested at 3:45 a.m. Wednesday at 1432 Washington avenue on charges of creating a disturbance, and a 16-year-old girl was arrested at the same place on a curfew violation.

Pleading innocent were Herah Hicks, 21, of 2310 Missouri avenue, Dewey Smith, 22, St. Louis, and Willie Lynch, 17, Apt. 75, Garethe House, Madison, who also was charged with a curfew violation. They were released on \$250 property or \$30 cash bonds set by Magistrate Gasparovic, who scheduled hearings for July 30. The curfew charge against Lynch was suspended, as he will be 18 within 30 days. The girl, released to her father, is to return on July 25.

**"Encourage Industry"**  
Partney maintained passage of the resolution "won't hurt the city. The land is a field out by the dog pound and a junk yard. The city has a right to pass an ordinance any time it sees fit. I think we should encourage people to come in here with a new industry and I don't see any reason to defer action."

McGee opposed short-cutting the usual procedure and said the city attorney had not received necessary information, but Steve Basarich of the Fifth Ward joined Partney when he told the council, "This is a case where the rules can be stretched a little. We've done it before. If we can get a new plant in here, I'm for it."

Second Ward Alderman Sam Whitmer remarked that "it won't be the first time we've gone around the city attorney. I think the resolution should be passed." C. H. Sternberg and McGee opposed ignoring procedural rules.

Partney led 8-5 but failed without a ninth vote. Mrs. Belline, William Dallas, McGee, Sternberg and Sternberg voted "No."

The council, on a motion by Moerlein, then placed the resolution on first reading, with Partney and Whitmer voting "Yes." Sternberg presented a motion that the council go on record stating its intent to rezone the plot in the proper course of procedure "and to invite these people to come in here."

Partney jumped to his feet and declared "This is the most ridiculous thing I have ever heard of. Here is a chance to bring in a new business that will hire about 30 people. We're handing it in a ridiculous way."

**Deferred On Two Requests**  
Partney said he was in favor of deferring action. Whitmer seconded his deferral motion, and the topic was dropped without further action or discussion, according to a ruling by Mayor Davis.

The council's short time for action, approved without dissent, rezoning of four lots at the former Kate street postal substitution, described as having been erroneously designated as residential in the 1956 city plan. They are to have a business classification.

As the council neared adjournment, Partney took the floor to ask the council to instruct Mayor Davis to write a letter inviting Young & Greenwald to the city and indicating the city's willingness to act on the rezoning.

**Lays Attorneys Responsible**  
"This is a matter strictly due to the Bar Association. I understand attorneys handle these cases for \$300 each, for getting the legal description and steering the case through the necessary channels. I don't intend to go on acting as a member of the Planning Commission for \$75 a month (this aldermanic pay), handling all the cases we have when an attorney can charge \$300 for each one. We got the job done for only the \$5 publication fee."

Piloff said he was "only protecting myself" when he requested that the legal action be resumed when presented for passage.

The council informally instructed Mayor Davis to send the letter to Young & Greenwald pointing out that it intends to act on the rezoning favorably.

**Firm Buys Buildings**  
Young & Greenwald has purchased a section of ground of the Granite City Supply Co., along with several buildings on that land, and plans to begin moving in machinery soon.

Legal costs were also discussed when the city attorney submitted a bill which he said represented extra work in preparing a defense in a \$50,000 lawsuit filed May 15 against the city and the Terminal Railroad Association by Kenneth White.

The suit claims damages for severe injuries suffered by White in a fall on sidewalk at the 12th street railroad crossing near Adams street. It asks \$25,000 from the city and \$25,000 from the Terminal. The \$156 legal cost consists of \$75 stenography, a \$6 filing fee and \$75

## Wasp Stings, Fish Hook Cause Mishaps Tuesday

Wasp stings accounted for two minor emergency cases treated Tuesday at St. Elizabeth Hospital, both individuals involved being stung on the left hand. Treated and later released were Lawrence Heagy, 31, son of Lawrence Heagy, 201 Hampton street, Venice, and Mrs. Loretta Ridge, 38, of 16 Terrace lane.

In other mishaps, Kimberly Collins, 24-year-old daughter of Mr. and Mrs. Edward Collins, 2424 Hemlock avenue, had a fish hook removed from her left lower leg and Nancy Hanekamp, 31, of 1930 Third street, Madison, cut her left hand on a chain. Both were released following treatment.

## School Alteration Bids

Bids are being sought by the Granite City school district until 4:30 p.m. next Monday on Nidderhagen school alterations. The fixtures, cannot rods, milk, V-belts, gutter repairs, a wall installation, plumbing, office supplies, canopies, electrical work, bakery goods, liquefied petroleum gas, a driveway, chair girdles, fencing, door closers, venetian blinds and fluorescent lights.

for preparation of an answer.

## Salary Or Fee Basis

Piloff said he was filing the claim in accord with earlier indications by council members of their willingness to pay him extra to represent the city in the case, rather than hiring an outside attorney.

Some council members said they could not remember the previous discussion, and some maintained that defense of the suit should be a part of the city attorney's regular duties.

Mrs. Belline said, "I know nothing about promising any extra money. It is my understanding that the city attorney works for the city on a salary" (\$7380 a year). Whitmer said he could not recall discussing the employment of an outside attorney or of paying additional fees.

**Length Of Work**  
Eighth Ward Alderman Earl Thompson supported Piloff's contention that such a case takes many hours of time beyond the regular duties of the office. "An attorney has quite a few other things to do besides doing a case like this and, if you hire an attorney it costs \$25 an hour. If he gets involved in a lot of hours of work it might not be fair to expect him to handle the case as part of his regular duties," Thompson said.

Paul Rutledge, Fourth Ward Alderman, suggested the council's previous minutes be checked. The council acted on this suggestion and Piloff withdrew the claim to refer it to the finance committee for a report on the fee.

The finance committee is to meet with the attorney to discuss the topic of fees and duties of the office.

**Pay Injury Settlement**  
In another case involving a fall on a sidewalk, the council voted a \$375 settlement for Mrs. Nellie Herman, Granite City, who was hurt in a fall on 23rd street between Iowa street and Madison avenue. The settlement was in payment of \$75 physicians' bills, \$30 x-rays and \$280 lost.

After noting that both the lawsuit and the settlement involved falls on sidewalks said to be in disrepair, the council suggested on suggestion by Piloff, that in any instance that an alderman learns of a sidewalk hazard, he notify the street department of the location and condition of the walk. This, it was pointed out, will give the street department an opportunity to make repairs and reduce future accidents.

The council received a request for rezoning ground at 2232-34 Dewey avenue from R-5 to C-2. The request was made by Cohen's Food Market, 2301 Illinois avenue, which plans warehouse expansion.

A request from Raymond Lewis and his wife, Frances, for rezoning two lots in the vicinity of 27th and Benton streets was received. An R-4 two-family residential classification is sought instead of R-2 single-family. The matters were referred to the plan commission.

## GC Steel Quarterly Earnings On Increase

Granite City Steel Co. earned \$2,738,000, or 84 cents per share of common stock, in the second quarter of 1964, compared with \$2,520,000 or 78 cents per share in the second quarter of 1963, Nicholas P. Veeder, chairman of the board and president, reported to stockholders today.

## Madison To Ask State For New Highway Signs

The Madison city council decided Tuesday night to take action on a Press-Record editorial aimed at obtaining highway signs designating approaches to the Quad-Cities area on Interstate Route 70.

There is only one approach on the highway pointing to Granite City, located in the East St. Louis area, Mayor Stephen Papa has noted, and many motorists traveling the highway and wishing to go to the Quad-Cities often go out of their way. There are no earlier signs to direct them when they are southbound. The mayor was authorized to solicit the aid of Venice, Granite City and Ponton Beach officials in petitioning the state highway division to provide the signs.

With full support, the entire Quad-City area could benefit even in a tourism capacity, the mayor added, and the petition to the state would be more effective. The mayor said the city was unsuccessful in a similar effort about two years ago.

During a short meeting, the council approved the appointment of William Papa, 28, of 905 Lee avenue, as the evening desk clerk for the police department. A native of Madison, Papa was graduated in 1957 from Madison high school, where he was on football and basketball teams. He recently was discharged from military service after serving two years.

A letter from the Southern Baptist Church of West Madison was read, expressing appreciation to the city and its street department for spreading dirt which was excavated for church purposes.

## Fans, Coolers Set New Power Record

It has been hot this week. Total electric use by customers of Illinois Power Co. reached an all-time high in the 24 hours ending at midnight Tuesday. The 18,697,650 kilowatt hours of electricity used during the period was nearly 15,000 kilowatt hours more than usage in the previous 24 hours and up nearly 69,000 kilowatt hours from a record set on June 22. Hot and humid weather was a little relief during hours of record darkness brought about the record electric power use as fans and air-conditioners attained work on a 24-hour basis.

Although electric use for the 24-hour period ending at midnight Tuesday reached an all-time high, the demand for any one-hour period did not reach the 3,003,000 kilowatt record set June 22.

Last summer's peak was July 19, when demand reached 936,700 kilowatts and electric use

## Traffic Injures Eight This Week

Two multiple-injury crashes contributed to this week's total of eight injuries and 17 traffic accidents in the Quad-City area.

**Three Persons Injured**  
Three persons were injured in a head-on collision of cars driven by Sharon K. Byrd, 16, Rural Route One, and Ray Sheffert, 43, 2504 Lynch avenue at 11:40 p.m. Wednesday on Highway 162 near Route 35, the county sheriff's office reported.

Admitted to St. Elizabeth Hospital for observation were Sharon Byrd with abrasions to the elbows, knees and upper legs; Linda Treece, 15, of 2433 Missouri avenue, a 1943 Chevrolet, left knee and right shoulder; and Sheffert with abrasions to the left upper back, right elbow and right arm and a tongue laceration.

**Two Drivers Injured**  
A collision of autos driven by Keith E. Walton, 33, East Alton, and Pauline B. Weir, 55, of 1221 Wabash avenue injured the drivers and damaged a storage mail box at 7:50 a.m. Tuesday at 25th and Adams streets. They were taken to St. Elizabeth Hospital, where he was treated for multiple contusions over the body and a hematoma to the left forearm and she was treated for a small laceration on the left knee. Both were released after x-rays were taken.

The accident report showed that the Weir auto, headed on Adams street, passed a stop sign at the 25th street intersection and collided with the left side of Walton's westbound car. Her car knocked down the mail box and his auto lodged against a wooden utility pole. She was charged with disobeying a stop sign.

Both autos were extensively damaged.

**St. Louisan Injured**  
Dominic L. Licata, 45, of St. Louis, complained of pains after his car was struck in the left rear as he was slowing to park at the curb at 2110 Adams street at 11:35 a.m. Tuesday. James Needham Jr., 17, of 731 Twenty-sixth place told police he could not stop in time because of a wet street.

**Child Hurt In Crash**  
Jeffrey Sarich, seven, 2010 Richmond avenue was injured last night when he was struck by a car driven by John Sarich, 48, of 2910 Richmond. The child was taken to St. Elizabeth Hospital for observation.

**Driver Injured**  
Gerry Lepich, 22, of 2121 Garfield avenue suffered minor injuries in a head-on collision with a car driven by Lawrence Jones, 30, of 1721 Brown avenue at 3:24th street. The front of each car was damaged. Fuller was charged with driving without a license. The victim was entered at St. Elizabeth Hospital for injuries to the right head and was released.

## Radar Stops 7 Drivers On Speeding Charges

Seven drivers were arrested on speeding charges Wednesday as Granite City police used their radar units. Hearings were set for Aug. 8. Stopped on East 23rd street was Donald G. Belmer, 19, Collinsville.

Arrested on Ponton road was Ferdinand J. Rosas, 35, of 4042 Lake drive; Mike Leatherman Jr., 60, of 1033 Third street; Vincent Robert L. Heitz, 21, Edwardsville; William F. Waelz, 28, of 4169 Highway 102; John P. Edwards, 24, of 3809 Ponton road; and Martha E. Allison, 24, of 4010 Rode avenue.

Charged with speeding 50 miles per hour in a 30-mile zone at 8 p.m. Tuesday at Nameoki road and Highway 162 were Robert Marczalek, 17, of 1703 Elizabeth street, Madison, and Michael H. Konrath, 17, of 2433 Adams street. Their hearings were set for July 31.

## DOWNSTATE FISHERMAN'S GUIDE

(Compiled from area reports by the Southern Illinois University Information Service.)  
Channel catfish are making a belated appearance on the strings of southern Illinois fishermen, judging from pictures of proud fishermen and their catches appearing in area newspapers. It is high time too, because bass, bluegill and crappie fishermen are finding it increasingly difficult to score.

Best bass catch of the week was recorded at Little Grass Lake, where Lawrence Kreiner of Belleville took a 7 1/2-pounder on a Bomber. Many bass fishermen, however, did not wet the stringer and while crappie fishing was judged slightly better than bluegilling, there were no notable catches of either.

Crab Orchard Lake fishermen who reported bass fishing the "best of the season" a week earlier, were unable to run their good luck into a second week. After, Walworth avenue, the bluegill fishing, Devils Kitchen Lake is taking a rest. A few small bass were taken, on plastic worms and minnows, but the bluegill experts were unable to locate the wandering schools.

Fishing is fair at Lake of Egypt, with crappie and bluegill the best bets. Lake Glendale in Pope County has given up some nice bluegill but the 34-acre lake has been disappointing this year. It has been disappointing this year because bass, bluegill and crappie fishermen are finding it increasingly difficult to score.

## Summer School at Eastern Broadened With Intercollegiate Sports Program

Eastern Illinois University began participation yesterday in summer athletics, a school first and perhaps an indication of a new trend in intercollegiate athletics.

EIU, which this past year had several Granite City athletes in its program, has scheduled baseball, tennis and golf contests with Northern Illinois University.

Dr. Walter S. Lowell, physical education director, said the only requirement for eligibility is that the athletes must be enrolled in at least one summer course, either graduate or undergraduate. He said participation would have no effect on athletic eligibility.

Lowell expects the program to broaden with additional sports such as track and tennis, and more schools being added in future summers.

He said Illinois State University (Normal) and Western Illinois University have agreed to the program in principle and

that both probably will take part next summer. He also hopes to interest such schools as Millikin University and Indiana State College.

Rex Darling, tennis coach, described the project as a "pioneer step in summer athletic competition." In the past, there has been much discussion about intercollegiate summer athletic competition—especially in baseball—but little action.

The trend apparently stems from increased summer school enrollments and a desire to provide a longer outdoor sports season with more favorable weather than spring normally provides. And the EIU program gives graduate students another chance to participate in intercollegiate competition.

The world's largest city, built on neither sea lake nor river, is Johannesburg, South Africa, with a population of 1,07 million.

## Two Crucial Weekends Ahead as Inter-City Clubs Meet Same Foes in Succession

A crucial two-weekend set of games is scheduled in the Southwestern Illinois Inter-City Baseball League as the teams face the same opponent two Sundays in succession.

Appearing as the most important of the four pairings are the Granite City Sacred Heart-East St. Louis St. Clair Heatings Sunday. The Red division, the duel will be at Wilson Park's No. 1 diamond.

St. Clair, the defending league champion, is continuing rear-guard action against two persistent pursuers in the loop's Blue Division. They hold slim leads over Mercer Funeral Home of Granite City (1½ games) and Pocahontas Braves (two games), who take on weaker foes.

The Mercers are slated to play at Troy (4-9), third-place team in the Red Division, while Pocahontas Braves visit Maryville (2-9), the Red cellar-dweller. A week from Sunday, the same clubs will meet with only the site changing.

Assuming the Mercers and Pocahontas defeat their low-

standing opponents both Sundays, the Hearts could jumble the Blue standings with a double upset of St. Clair.

The Hearts themselves figure to gain little except prestige from such an accomplishment because their 7-6 record puts them four games behind Collinsville in the Red race. And Collinsville's two games are with the league's longest team, Alhambra.

Their fellow Granite Cityans, however, will be pulling for the Hearts since the combination of two Mercer victories and two St. Clair losses would pull the Funeral Home team into first place by a half-game.

Sacred Heart and St. Clair haven't met on the field this season as the Hearts forfeited their opening game to the East Siders. The opening hurlers will probably be Jeff Cely Simpson of the Hearts and right-hander Dick Dillingard of St. Clair.

Pat Harris is the likely moundman for the Mercers against Troy's Gary Wiesmeyer or Dennis Giger.

### Mrs. Thompson Named President Of Swim Mothers

Mrs. Earl Thompson, 3805 Wabash avenue, was named president of the Paddlers Swim Team Mothers' Club Tuesday night at a special meeting held in the home of Mrs. and Mrs. Keith Parker, 1509 Garfield avenue.

Elected to serve with Mrs. Thompson for the coming year were Mrs. Fred Noth, vice-president; Mrs. Frank Hatcher, secretary; and Mrs. William Beatty, treasurer.

More than 30 mothers of competitive swim team members attended the special session called by the retiring president, Mrs. A. Malott. Plans were tentatively scheduled for late August. This year, swimmers and their parents will be asked to contribute \$1 per family toward the cost of the meal and trophies.

Parker, swim team coach, announced that younger-age swimmers will participate in a triangular swim meet this evening at Montclair Pool, Eff. Ward, competing against swimmers from Danvers, Ill., and the Montclair and Montclair, Ill. On Monday evening, the local varsity squad will meet its conference rivals, Summers-Ford of Alton, whose six swimmers and no-holds record is identical with the Paddlers.

Another late season event includes participation in the first annual Sanderson Invitational Meet Aug. 1 at Belleville, which is to match nine or ten teams from the Greater St. Louis area. Final competition will be in the conference championship meet slated this year at the Town and Country Pool, Collinsville, Aug. 7 and Aug. 8, and a two-meet the following weekend for those swimmers not placing in the championship meet.

Ladies appointed by Mrs. Malott to arrange the annual banquet include Mrs. Jon L. Tappoff, Mrs. William H. Terrell, Mrs. Eymon W. Dunn, Mrs. Alan Skirball and Mrs. Walter Rutland, decorations committee; Mrs. Lewis E. Sabin, Mrs. Fred Noth, Mrs. Earl Earls, Mrs. Alex Tappoff, Mrs. Nelson Rose, Mrs. Beatty and Mrs. Robert Yaeger, food.

Mrs. Henry Gabriel and Mrs. Paul H. Thompson, programs; Mrs. Joseph Mills, Mrs. Roberta Lambert, Mrs. Michael Tondus, Mrs. Joyce Miller, Mrs. Keith Parker, Mrs. Clarence Etheridge and Mrs. Charles R. Lybarger, kitchen; Mrs. Earl Thompson, Mrs. Ernest Bickhaus and Mrs. Edward Hoff, entertainment; and Mrs. Homer Blumenstock, Mrs. Arthur J. Evenden and Parker, trophies.

### Paddlers to Travel By Air-Conditioned Bus to Marion Meet

Thirty-six competitive swimmers representing Paddlers Swim Club will travel by air-conditioned bus to Marion, Ill., Saturday, for the annual Southern Illinois AAU Championship Meet.

Ten team divers will depart by private car at 11:45 a.m. Friday for diving competition which is slated to begin at 4:30 p.m. the same day. The group will be accompanied by Keith Parker, swimming and diving coach, and will remain overnight in Marion for further competition the next day.

### Lincoln Place Wins With Six-Run Innings

Lincoln Place rallied with six runs in the sixth inning Monday to defeat the PFCs 11-7 and take a half-game lead over the King's Men in the High School League slow-pitch softball race. Lincoln Place has a 6-1 record to the King's Men's 3-1 mark.

The PFCs also scored six runs in the top of the sixth to take a 7-3 lead. Hits in the tie innings were by John Hooper, Dennis Hecht, Larry Anderson, Jim Nash and Carl Miller.

Lincoln Place displayed its power in the bottom half of the frame with Gary Williams' triple and doubles by Bob Karandjeff, Haig Nichossian, Lloyd Summers and Len Miller.

Miller finished with three hits and Joe Hiles homered in the second for the winners.

### State Announces Hunting Dates, Data; Two Additional Days for Quail Season

The 1964 hunting season dates, limits and shooting hours for quail, pheasant, partridge, rabbits and doves were announced today by William T. Lodge, director of the Illinois Department of Conservation.

Lodge said that as a result of a good nesting season, the pheasant population is good in all areas of the pheasant range. Pheasant census surveys conducted by research biologists have indicated that a long season will permit a more equitable take of the cock birds and, as a result, the season for the taking of cock pheasants has been extended three days over last year's season.

Quail season has been extended two days. Brood counts in the quail range have indicated the bobwhite population to be good. Rabbit season will open one day later than last year. However, a 68-day season has been established for the taking of rabbits.

The daily bag and possession limits have been increased for the dove season. The daily limit is 12, an increase of two from the 1963 bag limit, and the possession limit is 24, four more than last year's limit.

Common Opening Abolished. Lodge stated that the department was aware of hunting conflicts that had occurred during the past few years, when there was a common opening on pheasants, quail, Hungarian partridge and rabbits.

With the common opening more than 450,000 hunters took to the fields and numerous hunting accidents occurred. A large number of hunters were injured.

Dates and bag limits for the 1964 hunting season are as follows:

Cock pheasants—Nov. 14 through Dec. 20, daily kill limit 3; possession limit, opening day 3; after opening day 6.

Quail—Nov. 14 through Dec. 31, daily kill limit 8; possession limit, opening day 8; after opening day 16.

Hungarian partridge—Nov. 14 through Dec. 20, daily kill limit 3; possession limit, opening day 3; after opening day 6.

Rabbits—Sunrise, Nov. 24 through Jan. 31, 1965, daily kill limit 5; possession limit, opening day 5; after opening day 10.

Doves—Nov. Sept. 1 through Nov. 9, daily kill limit 12; possession limit, opening day 12; after opening day 24.

### Jiffy Bombs VFW To Keep 1st Place In 35 & Over Loop

Dick Portell stroked five hits, including two doubles and a triple, as Jiffy Car Wash rolled over VFW Post 1306 by 22-3 in the 35 & Over League Monday at Wilson Park. Jiffy leads the slow-pitch softball loop with a 6-1 record.

Other hot hitters for Jiffy were Rog Bowler and Paul Fray with four base knocks each and Nick Bogovich and Larry Puent with three apiece. Bogovich and Bowler both hit home runs in the first inning.

Jiffy scored in every inning, counting seven in the third frame. VFW's top slicker was Al Haug with a homer and double.

Jacobsmeyer's maintained second place by upping its record to 5-2 with a 13-5 decision over local 16 and Rex Buckingham slammed a triple and double. Jacobsmeyer's, Ted Sabo contrived a triple and double.

Hern Weissenborn and Ray Homyer had three hits each for local 16 and Rex Buckingham slammed a triple and double. Jacobsmeyer's, Ted Sabo contrived a triple and double.

Swimming Contestant. Mary Kacera as listed in Monday's issue, tied for third place in the Minnow Class at the YMCA Swimming Olympics.

## Mathews Held Without Hit At Brighton

Mathews Chevrolet split a pair of softball shutouts last night at Brighton, losing 2-0 on a no-hitter and winning the second game 4-0.

Jerry Weidner of Brighton turned in the no-hit job, holding Mathews without a baserunner until the seventh inning. He lost his chance for a perfect game by walking lead-off batter Babe Champion. Later, with two outs, Jake Hinterser reached base when the catcher missed the third strike.

Brighton scored in the fifth when Weidner singled and went all the way home on an outfield error. In the sixth, Brighton tallied on a double steal. Carroll Gilson, a no-hit pitcher himself earlier this season, checked Mathews' victory and allowed just four hits. He walked one and struck out five.

Mathews scored in the first on Art Borchers' single and Hinterser's triple. A three-run third was highlighted by Champion's double, three errors and sacrifice flies by Borchers and Jerry Brokaw.

Borchers had two hits and Roger Smith doubled in the game. With a 22-21 record, the Granite Cityans travel to Decatur tomorrow night for a double-header with Reilly's On Monday night, they visit Adams-Govett, SLAC at Millstadt for a Bi-State League twin bill.

**Sportettes Defeat Two League Teams**

Venice's Sportettes kept on the winning track this week, cloverleafing Cahokia 17-4 Monday night and downing Ciceroville 6-2 Tuesday night. Girls' Twilight Softball League action at Le Park.

The Sportettes have a 19-2 league record with seven games remaining and hold a slim edge over second-place Alton (17-2), which is participating this week in the state tournament at Godfrey.

Diane Cotter and newcomer Bonnie Huber divided the pitching in both Venice victories this week. Last night, Gail Reif hit a homer and double and Barbara Glastetter went 3-for-4 to lead the Sportettes.

Manager Tom Chase's squad travels to Mount Olive for a non-league game Friday night.

(NOTE: Unless otherwise indicated, Park League games at 6 p.m., at Wilson Park, Madison-Venice League games at 6 p.m., at various fields; Nameoki Little League games at 6 p.m., at Johnson road; Area games, Mitchell League games at 5:45 p.m., at Mitchell school.)

Birdsong, same address; Patty Morris, daughter of Mr. and Mrs. Lyman Morris, 2551 Nameoki road, and Kevin and Alan Branch, sons of Mr. and Mrs. Arthur Branch, 2301 West 23rd street.

## THE MADISON COUNTY SPORTSMAN

By DON HASTINGS  
County Conservation Officer

First an apology to the Reinhardt Schmidt family of Edwardsville. Last week I mentioned the good catch of fish from their fishing lake only to learn this week that it is no longer a public fishing lake but has been returned to a private lake. My apologies to them and the fishermen who went out there.

Another fish lake open, however, is Becker's across the road from Horseshoe Lake at Granite City. To get there, turn off Route 162 south or off Route 111 north on the Collinsville-to-Granite City cutoff. The lake is on the old road that runs parallel to the cutoff just above the railroad tracks.

The lake is used as a holding place for fish for the commercial market and is constantly being stocked with new fish of all types—many of a very large size. There are about 12 good fish in the lake.

More announcements on hunting seasons were released this week by the Conservation Department. (See article elsewhere in the sports section.) Remember it is illegal to attempt or to take doves with a rifle, handgun or airgun or to shoot them from an auto or off wires on a highway. Coon hunting season will open at noon Nov. 5 and close at noon Jan. 31, 1965. It will be closed Nov. 29-30 and Dec. 4-6 in the counties where shotgun deer season is open. In this area this means that you cannot hunt in the adjoining counties of Macon, Clinton or Jersey during these days.

**Greenskeeper Vacancy At Depot Golf Course**

A vacancy exists in the position of greenskeeper at the Granite City Army Depot golf course. Depot officials announced today. The job, which carries a starting salary of \$4950 a year, is under civil service but is under the jurisdiction of the Golf Club Council on the Depot. Applicants for the job must have had at least three years of experience as a greenskeeper for a golf course, as a gardener on a private estate, in a botanical garden with an institution of commercial organization, or in governmental work—federal, state or municipal. Applicants should write to the Secretary, Golf Club Council, Granite City Army Depot, giving a resume of their qualifications, including education and experience.

## UF Fair-Share Group Holds Initial Meeting

Preliminary meetings of the United Fund fair-share club committee were held this week to outline solicitation procedures among area business, labor and professional leaders.

The UF fair-share club will be composed of persons contributing at least one-half of one percent of their yearly income to the 1963 campaign, scheduled to begin in October.

The first meeting of the committee was Monday afternoon in the conference room of the Press-Record. Attending were C. E. Townsend, chairman, M. Freeman Wolfe, Nicholas R. Brink, Jack Reese, Melvin McKay, Leo Konzen, Harold R.

## Low Bids Announced On Mitchell Highway Work

Low bids for three Mitchell area highway construction and maintenance projects were announced this week by the Illinois Division of Highways. Francis S. Lorenz, public works director, said the bids were among \$10,249,433 received by the state.

Area projects and low bidders are: R. B. Potashnick & D. L. Harrison of Cape Girardeau, Mo., \$2,801,282 to build 1.34 miles of concrete pavement and construct a bridge underfill on Interstate 270 between the Mississippi river and the Chain of Rocks canal, west of Mitchell.

McCann & Co., Springfield, \$322,723 for making stabilized shoulders on 2.2 miles of Interstate 270 south of Mitchell and 1.94 miles of shoulders on Illinois Route 111 east of Mitchell. Henry Nurseries, Inc. of Henry, \$42,667 for landscaping 4.17 miles of Illinois Route Three, about two miles west of Mitchell.

## GO TO CHURCH SUNDAY

Madison county received 16,334 pounds of food from the Illinois Department of Public Aid during June. The allotment is based on unemployment and requirements of the five public assistance programs.

## Feted on 92nd Birthday

Mrs. Rose Duffy, believed to be the oldest living resident of Venice, will be honored on her 92nd birthday tomorrow. A lifelong resident of Venice, Mrs. Duffy will be given a bouquet of flowers by Mayor John Lee at her home, 525 Salveater street.

## Changes In East, West Granite Bus Routes In Effect

Elimination of four runs on the East Granite bus route on all nights of the week except Monday and Friday effective this week was reported by the Bi-State Transit System. The first morning run and the last evening run of the West Granite-Stockyards route also have been taken off.

A spokesman said the elimination was decided upon because of constantly decreasing patronage. On some trips, buses were running empty, he said.

The East Granite route hereafter will make its last run from 19th street and Edison avenue at 7:15 p.m. on Tuesday, Wednesday and Thursday. On Monday and Friday, the buses will follow the same schedule as previously; this includes runs every half hour until 9:15 p.m.

On Saturday night hereafter, the last East Granite run will leave 19th street and Edison avenue at 6:15 p.m. instead of 7:15 p.m.

On the West Granite-Stockyards route the last run from 19th street and Edison avenue Monday through Saturday now leaves at 3:35 p.m. instead of 7:10 p.m. The first morning run, which left at 5:50 a.m., has been eliminated and hereafter the first morning run will leave at 7:10 a.m.

Some minor changes also have been made in the timetable for the McKinley Bridge route.

The transit system spokesman said a mailing service for distribution of timetables to bus patrons who want them is available without charge. To obtain the service, they may send a postcard, with their name and address.

TR. 6-8298

**OBSERVE ANNIVERSARY WITH BARBECUE PARTY**  
Mr. and Mrs. Sam Venditto, 2919 Harding Blvd., observed their seventh wedding anniversary with a barbecue Sunday at their clubhouse near Grafton. The guests spent the day boating and in other outdoor recreation.

Those attending from Granite City included Mr. and Mrs. Walden Coy and children, Mark and Julie, Mr. and Mrs. Mike Coy, Mrs. Carmen Easley, Mr. and Mrs. Ira Campbell and children, Judy and Dana, Mr. and Mrs. Louis Kallista and children, Susan and Barry, and Mr. and Mrs. Jim Marcus of Venice.

Mr. and Mrs. Robert Potillo of Decatur spent the weekend here visiting friends and relatives.

**MRS. RHODES PRESENTS JULY WSCS PROGRAM**  
The Woman's Society of Christian Service of Dewey Avenue Methodist Church met Tuesday evening at the church. Opening prayer was given by Mrs. Gladys Potillo and the group sang "Send The Light."

The program, "What Does a Christian Woman Read and When?" was led by Mrs. Edith Rhodes, assisted by Mrs. Potillo, Mrs. Wilma Ambury and Mrs. Louise Potillo.

Mrs. Minnie King presided during a business session with reports presented by various secretaries. A report was given on a meeting of the program committee by Mrs. Rhodes. Closing prayer was offered by Mrs. Potillo.

Refreshments were served by the hostesses, Mrs. Violet Miller and Mrs. King, to Mesdames Mayme Wagoner, Alma Davis, Grace Lensing, Zetta Hornbuckle, Lottie Squires, Benola Bibeau, and a guest, Mrs. Katherine Wagoner.

**FAR EAST STUDY**  
World Friends Sunbeams of Second Baptist Church met Tuesday afternoon to continue a study of mission work in Hong Kong. During activity time, the group made Chinese sampan.

Miss Evelyn Barnes, leader, told a story about a Chinese family living in Hong Kong in a sampan. Refreshments were made for World Friends day camp Aug. 3-7. Closing prayer was led by James Abner.

Refreshments were served by Miss Barnes and her assistant, Miss Diane Olive, to Martin McCloskey, James Abner, Bradley Crown and a visitor, Steve Slesener.

MORE ABOUT

Sewage Treatment

(Continued from Page 1.)

for commercial and industrial users the charge is to be fixed by the city council "from time to time" with reference to each individual user, taking into account the quality and quantity of the sewage to be treated by the city sewer plant.

The surcharge will be in addition to the regular charge for sewage treatment.

In instances where connections are made and no meters are available, it is the responsibility of the user to install such meters and maintain them.

**Charge Mandatory**

A treatment charge will be made in each case where the sewer is available, regardless of whether there is a connection. However, there will be no charge for vacant lots.

The ordinance opens the way for negotiated rates in one section providing that in instances where large quantities of water are consumed in industrial or commercial operations, but does not pass through the sewers, the

rates may be adjusted by the sewer plant manager.

The council also received official notice from the Illinois Sanitary Water Board extending until Oct. 1 the deadline for beginning construction of a sewage treatment plant.

Lease, Plans Pending

Even with advancement to first reading of the rate ordinance, the city still has other tasks to carry out, including a lease on the plant site at the Army Depot, approval of construction plans and issuance of a call for bids.

The water board said it was extending the construction deadline because of "unforeseen difficulty in securing from the federal government the necessary land" on which to construct the treatment plant. Plans for the treatment plant have been submitted to the sanitary board and a permit for construction has been issued.

The rate ordinance was prepared by the city council's special pollution committee which has been working on it for the past several months.

Construction of the plant will be financed by a non-refundable revenue bond issue currently estimated at \$1,715,000.

Bids on construction are tentatively scheduled to be awarded in August, with sale of the bonds following Sept. 14 and work starting Oct. 30.

2 Stolen Autos, House Burglary In 8 Crime Reports

Eight thefts and burglaries were reported to Quad-City and Madison county police authorities since Monday. Included were two stolen autos, one of which was recovered, and a house burglary which followed reports of prowlers.

A report of a house burglary at 12:05 a.m. Wednesday at the home of Phil Szymorek, 2633 Grand avenue, followed three different prowling reports within two hours in the same area Tuesday night.

A screen was torn from the front bedroom of the Szymorek home. The room was ransacked, and a purse was found in the yard beneath the window. Nothing was missing.

Prowling reports were received at 10:05 p.m. at 2611 Benton street, at 10:10 p.m. at 2630 Adams street and at 11:25 p.m. at 2630 Madison avenue. A "peeping Tom" also was reported at 11:50 p.m. at 2603 Harding blvd. No one was located.

**1956 Auto Stolen**

A white-over-blue two-door hardtop 1956 auto owned by DeLors Martin, 4504 Walter avenue, was stolen at about 5 p.m. Monday from the parking lot at 1800 Edison avenue, she reported at 5:50 p.m. Monday. The theft report was relayed to state and

surrounding city and county police.

Guy Burns, 1508 Second street, Madison, reported to Venice police Wednesday morning that an Elsie auto left with him as security on a returned check was towed away from his garage Tuesday night or early Wednesday.

Burns told police that he repaired a truck for an East St. Louis man who gave him a check on a Belleville bank. The check later was returned marked "insufficient funds." The man had left the car with him as security.

A 1000-pound safe containing about \$800 in cash and checks disappeared from the Holiday Inn motel on Sunset Hill, apparently Sunday night, the Madison county sheriff's office disclosed Monday.

No one saw burglars remove the heavy safe, which had to be taken down three flights of stairs, but two employees having lunch in a first floor office reported having heard a loud noise which appeared to come from the east side of the building.

At the time, between 8:30 and 9 p.m., they did not attach any importance to it. The sheriff's report said the safe had to be taken through a long hallway and down a stairway to make an exit on the north side of the building.

The motel manager, Mike Butry of St. Louis, was at home with friends in Edwardsville when the crime occurred.

Theft of radiators from six

autos parked in the auto yard of United Auto Parts, 1500 Market street, Venice, was reported to police Monday by Jack Brockman.

He said a radiator on a truck had been partially removed. Brockman told police that the stolen radiators were in good condition and that their removal must have taken considerable time. No value was placed on the stolen parts.

William Culpepper, 2734 West 20th street, reported at 4:40 p.m. Monday that while his truck was parked during the night in front of his house, a hunting knife and a pair of sunglasses were stolen from the glove compartment and the thief siphoned about five gallons of gasoline from the tank.

The Wilbur Waggoner Trucking Co., 1548 Market street, Madison, reported to Madison police that a battery was stolen from a payment roller parked on the company lot Tuesday.

**Bert Rainwater, Sr.,**

**Former Resident, Buried**

Mr. and Mrs. Bert Rainwater and daughters, Barbara and Sandra, 232 Morgan street, attended the funeral Tuesday in Greenville, Mo., of his father, Bert Rainwater, Sr., who died Sunday at the Madison County Sanatorium after a long illness.

A native of Greenville, Mo., Rainwater formerly resided in Madison. Interment was in a Greenville cemetery.

Thomas A. Herren, 56, Stricken At Home, Dies

Thomas A. Herren, 56, of 2013 Edgewood avenue was pronounced dead on arrival at St. Elizabeth Hospital about 2 p.m. yesterday of an apparent heart attack. He had suffered an earlier attack seven weeks ago and had been hospitalized five weeks before being released July 4.

Mrs. Lorraine Herren, 56, found her stricken husband in their home. A native of Paragould, Ark., he moved to Granite City 14 years ago from St. Louis. He worked 16 years as a repairman at the Ford Motor Co. plant in St. Louis county and was a member of Autoworkers Local 325.

In addition to his wife, he is survived by a son, Thomas J. Herren with the Navy; a daughter, Mrs. Donald (Joan) Knight of Granite City; a brother, Joseph A. Herren of Memphis, Tenn.; and three grandchildren.

An obituary notice is given elsewhere in today's issue.

**Charles Warnock Injured**

Mr. and Mrs. Edward Knissen, 2444 Edison avenue, received word this week that their son, Staff Sgt. Charles E. Warnock, a former Granite City resident, stationed at Fort Bliss, Tex., is in an El Paso hospital after being injured in an auto accident last Saturday. Extent of the injuries was not known.

Reber Named To Board; Homecoming Approved

The Granite City council Monday night approved appointment of Louis "Gotton" Reber, 2706 Grand avenue, Press-Record shop foreman, as a member of the Zoning Board of Appeals of the City Planning Commission.

The appointment by Mayor Leonard R. Davis is retroactive to July 6 and continues to April 30, 1965. Reber replaces Clarence Propp, who resigned.

Police Chief Raymond Willard was given \$30 expense authorization to attend a meeting of the Illinois Police Chiefs Association in Alton July 27-28. It was noted that local police and fire departments were to be represented at an Illinois Public Employees Commission meeting on pension program problems yesterday in Springfield.

A request from David W. Morgan, Granite City Housing Authority director, for reimbursement of costs resulting from a June 1 auto collision with a city vehicle was referred to the finance committee and city attorney for recommendations.

Morgan listed towing and storage fees of \$65 and said it will cost \$95 to replace his 1957 auto, which was demolished.

A permission was granted for Rayco to hold their annual homecoming here Aug. 14-16.

**Drive-In Grand Opening**

The Red Barn restaurant, 3030 Madison avenue, will hold its grand opening Monday beginning at 11 a.m. Managers Glen and Paul Hollis said free-ry's will be distributed.

Kurtak Charged With Burglary, Shooting

Roy Kurtak, 34, Maryville, still charged with armed robbery last March 21 at the Na-Bor-Long liquor store, was arrested Tuesday by Wood River and

Carle Stone, 32, Wood River, were arrested in connection with the July 19 robbery of the Tri-lounge in Wood River. They are ex-convicts and once were cellmates at Menard state penitentiary.

Kurtak previously has been arrested for burglary and robbery in Madison and Collinsville. During the burglary, Kurtak is charged with shooting Joseph Zappa, 21, Wood River, a cleanup man for the tavern Zappa owned surgery in Barnes Hospital, St. Louis, for a bullet wound in his left side.

Kurtak has taken inconclusive tests in connection with the Na-Bor-Long armed robbery. His bond was set at \$20,000. The Na-Bor-Long was arrested Tuesday while attempting to flee from a Greenville motel.

Stone was convicted for burglary at a local time store and has been involved in burglaries in Madison and Granite City business establishments.

**Madison Rotary Told Of New Housing Bill**

Francis Judd, Granite City realtor, on Wednesday afternoon explained provisions of a new housing bill introduced into the state legislature.

The bill would require home-owners and realtors who are attempting to sell houses to sell them to any qualified buyer regardless of race or national origin. Judd said many realtors oppose the bill and will request a state-wide referendum on it.

President Lawrence Falke presided over the meeting, attended by 21 members. The club received a card from Leo Schermer who is presently in Tel Aviv, Israel. The next meeting will feature a talk by Rev. Harry Colquhoun, pastor of the First Presbyterian Church in Madison.

**Checks to Designate Party Ballot Column**

Decision as to which political party will be listed on the presidential left side of the Nov. 3 at-large representative ballot will be left up to county clerks, according to a ruling by Illinois Attorney General William G. Clark at a meeting of county clerks in Springfield Monday.

Miss Eulalia Holz, Madison county clerk, attended the Springfield meeting and said she was pleased with the ruling because it will mean political parties will occupy the same positions on both the regular ballot and the special representative ballot, thus avoiding confusion.

**GC Tax Collections To Begin Monday**

Granite City tax collections are scheduled to get underway Monday in the office of Treasurer E. R. Rich, and are to continue until Sept. 23, when the tax books will be returned to the county treasurer.

The treasurer's office began mailing tax bills to Granite City residents Wednesday. Additional bills were to be mailed today and final mailing is to be made Friday.

**License Suspended**

The secretary of state's office at Springfield announced today the suspension of the driver's license of Robert L. Baker, 2717 Lincoln avenue, on a charge of driving while intoxicated.

**Motorcycle Accident**

Samuel Gage, 35, Rural Route One, received emergency treatment at St. Elizabeth Hospital at 11:30 p.m. Tuesday following a motorcycle accident on Illinois Route Three in which he suffered minor abrasions and lacerations. He was released after treatment.

**Shoplifters Sought**

Granite City police are seeking two Negro shoplifters who took a coat and a dress at the Libson shop, 19th street and Edison avenue, at 4:35 p.m. Wednesday.

**County May Buy Building**

Madison county officials have contacted government representatives regarding possible purchase of the present Edwardsville post office, which the county proposes to use as a separate building for the county superintendent of schools and related activities.

## Water Board Approves Firm's Sewage Plans

(Special from Springfield)  
The Illinois Sanitary Water Board has approved plans of Granite City Steel Co. to construct its own sewage disposal plant, it was announced this

week by Clarence Klassen, chief sanitary engineer.

The company currently is developing a site in Horseshoe Lake for construction of sewage treatment facilities.

The water board also announced that all plans for Granite City's treatment plant are in readiness except that the sale of revenue bonds remains contingent upon approval of a site on Granite City Army Depot property.

**Venice Building Permits**  
A building permit for construction of a two-room addition to residence at 1124 Calhoun street, Venice, has been issued by the Venice building inspection department to James Bennett of that address. The structure is to cost \$1200. A permit also was issued to Elie N. Hackney, 1238 Robin street, for construction of a carport at a cost of \$1385.

## Three Teachers In Mathematics Program

Ronald R. Ganschmierz, East St. Louis, a Venice high school teacher, Stephen R. Radosevich, Rural Route One, a Granite City high school teacher, and Marcia L. Thompson, 3700 Kirkpatrick Homes, a McKinley high school instructor, are among 44 teachers from high schools in nine states attending a National Science Foundation mathematics institute at the Southwestern Illinois University, East St. Louis center through Aug. 21.

The institute is directed toward improving the teachers' knowledge of subject matter and increasing their ability to stimulate students toward careers in science and related fields. Selected from more than 250 applicants, institute members receive a stipend through a special National Science Foundation grant. More than 100 such NSF institutes are being held across the nation this summer.

**Prepare for Collections**  
Gene Rotter, town collector of Namek township, said today that tax bills are nearing completion and that collection dates for Namek township will be announced soon.

Rotter said Namek tax collections will be made at the Granite City Trust & Savings bank, as they have in the past, and not at the township relief office as previously reported.

## Zurkullen Asks U.S. Court For Probation

(Special from Springfield)  
Federal District Judge Omer Poos this week denied a motion for a new trial for Rino Zurkullen, 43, of the 1300 block of Madison avenue, Madison, and took under consideration a request for probation.

The case was referred to the federal probation officer for a pre-sentence investigation. Zurkullen was convicted by a federal jury on July 1 of receiving and possessing stolen government property. He was arrested more than a year ago when federal agents recovered four electric sanders which they said were missing from the Granite City Army Depot.

A perjury charge against Zurkullen stemming from the case is still pending.

## YOU MAY BE LOSING MONEY BY PAYING LESS

There are many cars that cost almost as much as a Cadillac. But it is a matter of fact that the decision to buy one of them could be a false economy.

Consider the major items included in the basic price of a Cadillac that are usually extra on other cars: automatic transmission, high-performance engine, power steering, power brakes, automatic cornering lights, and power windows on most models.

Then think of what a new Cadillac can save you on operation and maintenance. Cadillac is actually the rival of much smaller, lighter cars in gasoline efficiency

—and it is so soundly built that it has reduced upkeep expense to the practical minimum.

You're ahead again—every mile you drive.

Finally, reflect on Cadillac's historically high trade-in value. No car at or near its price preserves so much of its owner's original investment through the years.

So add it all up. You'll see what most owners mean when they say you don't spend more for a Cadillac. You just invest a little more—and get a lot more back.

If a Cadillac has long been in your plans, visit your dealer and get all the dollars-and-cents facts.

MORE TEMPTING THAN EVER—AND JUST WAIT TILL YOU DRIVE IT—SEE YOUR AUTHORIZED CADILLAC DEALER

Members of the fourth degree assembly of Knights of Columbus Council 1098 will participate in two early August events in formal summer attire. It was announced today by Marvin Beyer, faithful navigator. One will be Aug. 2 for the quassal-centennial celebration by the village of Teutopolis, and the other will be the solemn novena closing Aug. 5 at the shrine of Our Lady of the Snows near Belleville.

At Teutopolis, members will participate in a field mass at 11 a.m. and must be assembled no later than 10:30 a.m. They were invited by the village and the Mary Queen of Heaven Assembly to participate in a parade at 2 p.m., and are to be assembled at 1 p.m. at the receiving grounds.

After the parade, lunch will be served in the Teutopolis K. of C. hall to all members and their ladies attending. Reservations

are to be in by Tuesday, Beyer said.

For the closing of the novena, knights are to be present no later than 7 p.m. at St. Joseph hall at the shrine. Lunch will be served to members and their families in St. Joseph hall after the program.

**New Soil Conservation Sign-Up Period Slated**

A new sign-up period for soil conservation practices under the Agricultural Conservation Program is scheduled for the first two weeks of August. Edwin C. Rehmeyer, chairman of the local ASC committee, announced this week.

During this period, producers begin their sign-up for limestone and rock phosphate to be used during the last five months of the year. All materials must be applied according to soil test and must be used in connection with soil improving grasses and legumes.

After mid-August, requests for practices can be accepted only if funds are available at the time for these practices.

All requests for cost-sharing assistance under the program must be filed at the county office located at 110 North Main street, Edwardsville. A request must be on file before a practice is started. Farmers interested in practices involving limestone and other materials should bring their soil tests, he explained.

**County Cites Five For No Amusement Licenses**

Serving five court notices this week, the Madison county sheriff's office is continuing its drive against places of amusement which have not yet purchased their recreation and entertainment licenses.

Captain Louis Bowman, chief investigator for the county office, who served the court summons, said the drive was necessary because "the county loses thousands of badly needed dollars each year when these licenses aren't purchased." State law demands the buying of a license. Bowman said; failure to do so is punishable by a fine of up to \$200 and up to 30 days in jail.

Bowman said he will continue to serve the court notices until all county businesses affected have bought the licenses, which cost \$25 a year. Thus far, 153 businesses have obtained the license.

The notices were served Monday to Grampa's, Collinsville; Country Kitchen, Madison; Mandy's Tavern, Eagle Park Acres; Oasis Tavern, Edwardsville; and Holiday Hills Ranch, Alton. Operators were told to appear at 9:30 a.m. July 29 before William Traband in the magistrate court at Edwardsville to explain why they have not yet purchased a license. If one has been bought by the time of the hearing, the charge will be dropped.

# Interstate Highway Bridges Taking Shape Over Canal, Mississippi River

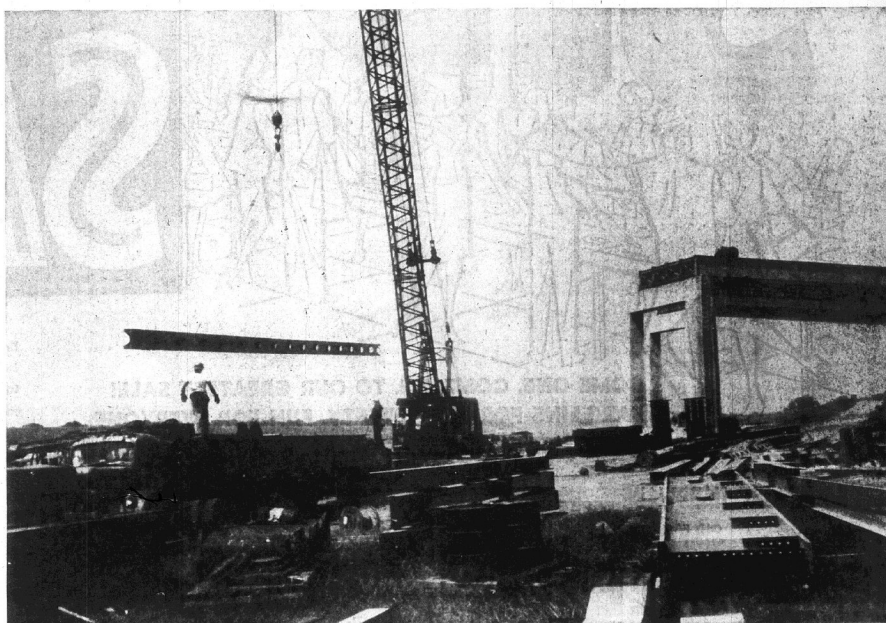

**SIGHTING A LINE** for new Interstate Route 270 at the bank of the Chain of Rocks Canal, this highway engineer is facing east. Approaches are being completed on both sides of the canal in preparation for construction of the span which will carry Route 270 traffic toward a new \$7,000,000 Mississippi River bridge.

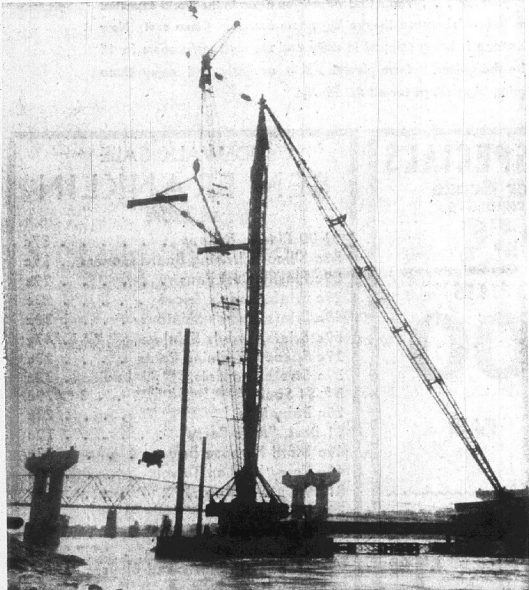

**BRIDGE PIERS** rise on both sides of the Chain of Rocks Canal as work progresses on construction of Interstate Route 270 west of Mitchell. The bridge span will be high enough to afford clearance for large tows passing

through the eight-mile canal. This view is looking southwest. In the left background is the present canal bridge for Bypass Route 66.

**STEEL GIRDERS** are unloaded at the Chain of Rocks Canal where it will be spanned by the new Interstate Route 270 bridge. At right is the east approach of the structure. The highway, after spanning the canal, will be routed

over a new river bridge now being built. The large girders being unloaded here are brought as they are needed from a storage point in Mitchell.

**RIISING 200 FEET** in the air, this huge crane is loading an air compressor onto a construction barge for operation of air hammers in the building of the new Interstate Route 270 bridge across the Mississippi River. The air hammers will be used in connecting steel girders as the bridge span is fitted into place atop concrete supports. In the background is the Madison-owned Chain of Rocks Bridge.

**A CHIEF ROLE** of the Quarter Horse on western ranches is use as a cutting horse—doggedly pursuing cattle until the rider can toss on a rope.

## Quarter Horse to Appear in GC Horse Show

The Quarter Horse so named for its great speed over the quarter-mile and shorter distances, has been an American favorite since Colonial days. Early settlers, needing a horse that was a hard worker but could race during times of relaxation, crossed imported English horses with Spanish horses from southern settlements. The result was perfect. The good-natured Quarter Horse spent most of the hours chasing cattle for the settlers, but on holidays he was a race horse. The Colonists enjoyed laying out short tracks, from a few yards to a quarter-mile in length, and racing against their neighbors' mounts while the settlers and friendly Indians cheered. Toward the end of the 18th century, however, thoroughbreds were imported from England and the trend to longer races diminished the popularity of the Quarter Horse and breeding virtually stopped for more than a century. With the great westward movement and the establishment of great cattle ranches, especially in the southwest, a need again arose for that clunky, short-legged and strong Quarter Horse. His hardiness enabled him to endure the rugged country, his strength to stand firm against the pull of a lassoed wild steer and his speed of course—to race on holidays. Although the thoroughbred prevails at long distances, the Quarter Horse can usually defeat that breed in a short race. Competition will be for stallions, mares and geldings for registered Quarter Horses at the annual Granite City Rotary club horse show Aug. 30 at the Tri-City Speedway.

## Uniform Terms In Most New School Agreements

Uniformity of contract terms governing Granite City school district employees who belong to five different unions and work in seven different job categories has been achieved as the result of recently completed negotiations between the school board, administrators and union representatives.

For the most part, practically identical terms have been set down and approved for the principal sections of agreements for five of the union working groups. A sixth agreement which differs in working periods and pay scales due to a difference in the type of work still follows the same pattern of generalized regulations as established for the other employees.

The agreements cover a three-year period. In all instances the pacts are to extend through June 30, 1968. A provision is included that each shall continue to remain in effect thereafter unless a 90-day notice, prior to expiration date, for reopening terms of the agreements is given in writing by either the union or the school administration.

A seventh statement, also following the general pattern has been drawn up for secretaries and clerks of the district's schools and administrative departments.

The new agreements are with the Teamsters & Chauffeurs Local 525, Painters Local Union 120, International Hodcarriers' Building and Common Laborers Local 397, Carpenters District Council Local 633, and Building Service Employees International Union Local 98. The latter contains two categories in the schools—custodians and lunch room workers.

Principal departure from an overall generalized contract is in the agreement covering lunch room employees. This contains recognition of the fact that school lunch programs are governed to a great extent by state and federal regulations because of aid allotted by the government for lunch program operations.

It relates that "if in any way the provisions contained herein are in conflict with governmental policies and regulations concerning the lunch program, then the policies of the state and federal government shall supersede any provisions contained in the agreement."

**Categories Of Jobs**

The school district recognizes Local 98 and agrees that lunch room employees will include:

1. Full time employees employed on lunch program basis, including lead-women.

2. Part-time employees on a permanent basis whose hours of work are less than the regularly scheduled work day.

3. Substitute employees who do not work any regular hours, either full-time or part-time, but who are called when regular employees are absent or when the workload requires additional employees. Substitutes are not covered by the pact except as to wages.

It also provides that supervisors and student help provided by the school district will not be included in the bargaining unit, but they may not be used to displace any member of the bargaining unit. It provides further that such workers cannot use any type of machinery and shall do only such work as is required to receive their lunch free of charge.

**33-Hour Week**

Full-time employees are to be employed on a regular work day of seven hours per day, five days a week, Monday through Friday, in the elementary schools, and on an eight-hour, five-day week in the junior and senior high schools. All elementary schools are to have at least two seven-hour workers.

When the plate count reaches 211, the cafeteria employee notifies the central office for additional help. Substitutes may be called for three hours time.

The contract also specifies working periods and varying salary scales for working at banquets and serving at school programs or special events. The work year is to be 198 days including holidays. Conduct of grievance committees, fringe benefits and similar terms are the same as those set out in other agreements.

**Pro-Rated Vacations**

The uniform contract for custodians, painters, chauffeurs, laborers and carpenters sets up a vacation schedule of one week's vacation with pay for an employee of one year service, two weeks vacation with pay for two-year employees, and three weeks vacation with pay for employees of five years or more service.

Additional days of vacation are provided for three-month service periods to be pro-rated. For example, an employee with one year and three months service is to receive six days; one year and six months service, seven days, and so on to nine days vacation for one year and ten months service.

Vacation dates are fixed between Sept. 15 and May 15 for maintenance personnel, and for custodians from the time school is dismissed for the summer until two weeks prior to the school opening.

Seniority To Prevail

Seniority rights are to prevail in all promotions, transfers, layoffs and re-employment. The contract provides a five-day week of eight hours per day, 40 hours each week. Time and one-half is to be paid for work over the 40-hour week.

The agreement provides union dues may be deducted and requires the board of education to pay the difference in wages to any employee called for jury duty.

Holidays under the contract are the same in all groups. These include July 4th, Labor Day, Veterans Day, Thanksgiving Day, Christmas Eve, Christmas Day, New Year's Eve, New Year's Day, Lincoln's Birthday, Maundy Thursday (if school is not in session), Good Friday and Memorial Day.

Members required to work on a holiday for any reason shall be paid double time for a minimum of four hours at the prevailing rate. The contract further provides sick leave of one day a month for ten months during the first year, and ten days per year thereafter, accumulating to a maximum of 70 days.

Each employee is allowed five days emergency leave per year; three days funeral leave for a death in the immediate family, and at the time of retirement, an employee is to be paid one-fourth of accumulated, unused sick leave.

**Grievance Procedure**

The school district and the unions also include a clause to prevent the tieup of work, or a work stoppage, without using all possible means of settlement. It provides a written grievance must be filed within seven days of the occurrence resulting in the grievance. Failure to do so relieves the school district of responsibility.

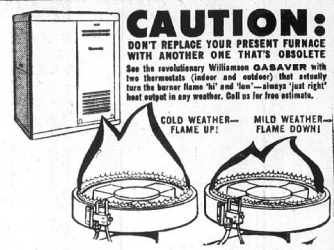

Attempts to settle grievances first will be made by the head of the school involved and the union steward or agent. If unsuccessful, the matter will be referred to the school administration and the union business agent. In event they are unable to settle the dispute, either side may ask for arbitration.

Two arbitrators may be appointed for each side and if they cannot settle the matter a fifth arbitrator is to be chosen by the group, agreeable to both the union and school administration. The decision of the five-man board then would be referred to the school board for final action.

Terms in all the contract agreements are thereafter supplemented by individual

Your Chevrolet one-stop shopping center.

You can't miss it. Just look for the showroom where the most people are, and follow the crowd.

Check the display window out for America's No. 1 automobile, the '64 Jet-smooth Chevrolet. Any car this luxurious should have its price examined.

Look for the brand-new young-at-heart, young-in-price Corvair—the only car that could come between Chevrolet and Chevy II.

Look for the fun-loving rear-engine Corvair. It's Chevrolet's answer to leaving summer sand, winter snow and spring mud right in its tracks.

Look for the thrifty, roomy Chevy II. It's the perfect automobile for those who like to go on economy drives.

Look for America's only true

sports car, Corvair—the exciting two-seater that's moving more people every day.

Test drive the one that turns you on the most. Then start talking price.

the air conditioner you know is performance tested!

You know any Coolerator you buy is performance tested because Coolerator actually operates and tests every unit. Most companies test only random samples. You can't tell whether the one you buy has been tested or not. But you can be sure of top performance and reliability with Coolerator. And you can be sure of top features, too: extra-quiet operation, washable filter, zinc-plated cabinet for maximum rust resistance, 4-way air circulation, automatic thermostat control. Choose from a wide selection of models with NEMA-certified capacities from 4,200 to 30,000 BTU's, including ones for reverse cycle heating, casement windows and instant installation. Come see them today!

**LECTROFILTERS**, with electrostatic action, traps particles ordinary filters miss!

**MAGNETIC FRONT** lifts open for easiest filter removal. No knobs or clips to fuss with.

**5-YEAR FACTORY WARRANTY** covers entire sealed system, including parts and labor!

## Arrest Man For Tire, Wheel Theft In Venice

Norman H. Fulmer, 33, of 3005 East 23rd street was arrested by Venice police at 9:30 a.m. Tuesday on a warrant charging him with the theft of a truck tire and wheel valued at \$110.

Fulmer's arrest following a report from the Gateway Trucking Co., Market street and Broadway, that one of their drivers who was sleeping near a restaurant had heard a car pull up and then heard further sounds of someone changing a tire. Later, it was discovered the wheel and tire were missing

## Burning Trash Pile Starts Shed Fire

Fire partially damaged a shed at the home of Joseph Macko, 1013 (rear) Washington avenue, Madison, at 10 a.m. Tuesday. E. J. Miller, chief of the Madison fire department, said the shed apparently caught fire from a burning trash pile nearby.

He said only a side of the shed and shingles were burned, but the fire caused damage to overhead power lines, which had to be repaired.

from a new truck operated by the Gateway firm.

The driver, Charles Roe, Ashland, Ky., had taken the license number of the car he had seen, and turned it over to the trucking company, which referred it to police. Officers said the license had been issued to Fulmer at an address in Dwight, Ill., but investigation revealed he recently moved to Granite City.

Mrs. Beanie Lindley of the trucking firm signed a complaint on which Fulmer was arrested. She said Roe had told her that street, collided at 12:45 p.m. 50 gallons of gasoline also had been stolen from Roe's truck and 75 gallons of fuel oil from another. Fulmer admitted, police said, that he had been in the parking lot, but denied taking the tire and wheel. He was held pending release on bond.

## 12-Foot Sunflower Not For the Birds

Mrs. James Harmon doesn't particularly like sunflowers, but she has a giant one with a foot-wide blossom growing in the back yard of her home, 2011 North street, she reported this week.

Mrs. Harmon fed seeds to the birds this winter and she thinks the flower grew from a seed the birds rejected. Although it now reaches as high as the Harmons' peaked garage roof, the sunflower has not had an easy time of it.

It has had to grow where a discriminating sparrow dropped it—between two stones.

## Truck, Car Collide

A pickup truck driver by Charles R. Murray, St. Louis, and a station wagon driven by Mary H. Nomm, 2080 Fourteenth street, collided at 12:45 p.m. Monday at 16th street and Grand avenue. The front of the truck and the left front of the car were damaged. He was going south on Grand and she was heading west on 16th street.

PET FAIR ENTRIES at the Nameoki school playground, operated by the Granite City par k district, were, from left: Patty Apponey (duck), Elaine Bellue (turtle), Kathy Apponey (duck), Theresa and Kathy Friederich (dog) and Eva Houstein (dog). Incidentally, one duck was named "Wilma"; the turtle was "George."

## Fireworks Still Reported

Reports of boys shooting firecrackers continued to be called to the attention of police this week, well after the end of the Fourth of July holiday. A call at 8:35 p.m. Monday sent police to 3250 Westchester drive, but police were unable to locate anyone. A 9:05 p.m. report showed that boys were throwing rocks at passing cars at 23rd street and Nevada avenue, but they could not be found.

## Faces Driving Charge

Erwin W. Hawkins Jr., Apartment 21, Venice Homes, was arrested by Venice police Monday at 8:30 p.m. on a charge of careless driving. Police said Hawkins posted his drivers' license as bond to appear for a hearing Aug. 3.

### Rotarians View Work

#### Of Police-Trained Dog

Granite City Rotarians, who are presenting the local police department with two dogs for use in police work, had a "front row seat" at a movie and actual demonstration of the effective use of dogs at the city's police luncheon meeting Tuesday at the YMCA.

After the movie, which showed training methods, the Madison police department canine corps, Lt. Frank Durko and Sgt. Kelly, staged a vivid demonstration of attack and obedience. The "criminal" was Orville Boers, Lyndon Mo., a former police man and operator of a training school, who was the luncheon speaker.

Boers said the dog was formerly his friend, but since training in attacking him. He emphasized that the specialized training is based on the love of a dog for its master, which also includes his master's family. In the demonstration, it was clearly evident that the dog was under Boers' control at all times, withdrawing from the attack on order and even allowing Boers to walk up close without as much as a growl.

"Dogs can do many things impossible for a human being," Boers said. "They move 38 times faster, smell 100 times better, and hear 10 times better. A well-trained dog, in many circumstances, is equal to a number of policemen; it not only protects its master, but also protects the criminal who otherwise might have to be shot."

German Shepherds make the best police dogs, he said, adding that these have been family pets but turned "mean" can be best trained. This is because they have had contact with people, while those raised in kennels "do not have the contact" or the early background for love. Best training age for dogs is 18 to 36 months, and their usefulness in police work is about seven years.

Owen Day was chairman of the program, and President Glenn Abernethy reminded Rotarians that the demonstration should make them work harder on the club's Horse Show next month, proceeds of which will be used to buy the two dogs for the Granite City police department. The Horse Show is an annual event and provides funds for Rotary community service projects.

### Slautter Recovering

#### After Suffering Stroke

Friends here will be glad to learn of the rapid recovery of F. J. Slautter of Belknap, Pa., formerly of Granite City, who is undergoing treatment at the Statehouse Medical Center in Bethlehem following a stroke July 30.

### 2 Cars, Truck Collide

Two cars and a truck were involved in a collision at 2:35 p.m. Monday at 24th street and Washington avenue. Oscar L. Huber, Belleville, was turning left onto 24th street when his car was struck from behind by one driven by William E. Smith, 2708 Washington avenue, knocking Huber's car into the back of a 1½-ton Kaerwa Distributing Co. van which was parked on 24th street, police said. All three vehicles were damaged.

### Watson and City Inspector Earl

Watson and City Inspector Earl will supervise the distribution of supplies locally. It was learned, with the agreement to be accomplished by volunteer personnel assisted by school and city employees where applicable. Consignments are to be sent from a central government supply area at the Illinois State Army Depot, where they may be requisitioned by local authorities. Watson stated that qualified shelter managers and additional radiological monitors will be trained for assignment to individual shelter areas.

## Bites, Snake, Falls Injure Area Residents

A possible snake bite, three dog bites, a bicycle mishap, several falls and cuts, and a youngster who consumed paint thinner, contributed to an increased number of emergencies handled Monday at St. Elizabeth Hospital.

Laura Ann Kelly, three, daughter of Granite City Patrolman Mrs. Everett Kelly, 2630 Iowa street, was given a stomach lavage at 9:30 p.m. Monday after she consumed an unknown quantity of paint thinner. The youngster was later admitted to pediatrics for observation.

Also admitted Monday was Mrs. Adrian Tosh, 46, of 2138 Woodlawn avenue, following a fall down the steps of her home in which she suffered injuries to the right lower leg.

Lloyd Brooks, 46, of 2031 Bryn avenue was treated for a possible snake bite, which he said had occurred several hours earlier. Hospital authorities said no teeth marks were in evidence, but the left ankle and foot were red and swollen. He was released following treatment.

Treated for dog bites and later released were Geraldine
